

Diagnostic

Help us adapt the program to best meet your needs and maximize your potential.

Current level of education:

Year:

High School

College

Graduate School

Chemistry Experience:

Which classes have you taken?

- | Y | N | |
|-----------------------|-----------------------|-----------------------|
| <input type="radio"/> | <input type="radio"/> | General Chemistry |
| <input type="radio"/> | <input type="radio"/> | Organic Chemistry |
| <input type="radio"/> | <input type="radio"/> | Biochemistry |
| <input type="radio"/> | <input type="radio"/> | Physical Chemistry |
| <input type="radio"/> | <input type="radio"/> | Inorganic Chemistry |
| <input type="radio"/> | <input type="radio"/> | Analytical Chemistry |
| <input type="radio"/> | <input type="radio"/> | Statistical Mechanics |
| | | Medicinal Chemistry |

Computer Science Experience:

Rate your experience with:

	0 (none)	1	2	3	4	5 (expert)
Linux/Unix						
Scripting/Programming						
Tcl/Tk						
Bash						
Java						
Python						
Other language(s):						

What scientific software have you used (for class, research, or other)?

E.g. VMD, NAMD, GROMACS, AMBER, Gaussian, Autodock, Schrodinger/Maestro, Chemdraw, etc.

Is there a particular area in which you would be interested in pursuing research while here?

Please send a photo and short description of yourself to biochemcoreprogram@gmail.com. They will be added to the BioChemCoRe website.
